

Published by the
UK National Poisons
Information Service

www.toxbase.org Clinical toxicology database

An internationally
recognised source of
expert advice

**TOXBASE provides advice
on the features and management
of poisoning with over 17,000
products and substances.**

TOXBASE online is free to UK NHS departments and practices, and also to UK military healthcare units, and Emergency Departments and Public Health Units within Ireland.

TOXBASE online is also available by annual subscription to overseas healthcare units and poisons information centres.

To register your unit for TOXBASE online, or to get a quotation please go to www.toxbase.org

*“A very dependable
source of info”*

*“Consistently excellent and
invaluable in clinical practice”*

*“Brilliant resource -
easy to access and use”*

Additionally, the TOXBASE app for iOS and Android is available for download via the Apple and Play app stores. The TOXBASE app is free to individuals who register using their NHS/PHE/MOD domain email. A version containing around 1,000 of the top entries is available to others by annual subscription (£6.99 or equivalent).

TOXBASE is hosted by NPIS Edinburgh, Royal Infirmary of Edinburgh, Edinburgh, EH1 6 4SA. To contact TOXBASE admin:
